

FRANCIS E. CLARK IS RE-ELECTED

J. Willis Baer Also Holds His Place in the Endeavor Union.

ALEX. E. MATHESON

Janesville Man elected President for the State of Wisconsin.

SUNDAY A BUSY DAY

Cincinnati, July 8.—The Christian Endeavorers were in possession of the city's churches Sunday, and almost every hour was occupied with services somewhere. Much disappointment was felt because Rev. J. Wilbur Chapman of New York City could not conduct the meeting at the Central Christian church, and no service was held there. Dr. Chapman is seriously ill at his country home at Winona Lake, Ind. Rev. Floyd Tompkins of Philadelphia and Rev. Cornelius Woolfkin of Brooklyn presided at other morning meetings in the city's largest churches. In various pulpits visiting ministers discussed the topic, "Twenty Years of Christian Endeavor." In the afternoon three evangelistic meetings were held simultaneously in the Music Hall auditorium, for men, women and children respectively. Dr. Chapman was to have conducted the men's meeting, but in his absence William Phillips Hall of

Dr. Maltbie Babcock, who committed suicide in Italy, and for Rev. J. Wilbur Chapman were led by Revs. Floyd W. Tompkins of Philadelphia and W. H. McMillan of Pittsburg. A resolution of condolence was ordered sent to the relatives of the late Dr. Babcock and a message of good will and sympathy was telegraphed to Dr. Chapman. The report of Treasurer William Shaw was submitted, showing the total receipts for the year ended June 1 to be \$11,020 expenses \$10,864, leaving a balance on hand of \$156. The following were elected as general trustees: Bishop B. W. Arnett, Wilberforce, O.; Rev. W. J. Darby, Evansville, Ind.; Bishop Samuel Fallows, Chicago; Rev. Rufus W. Miller, Reading, Pa.; Rev. W. H. McMillan, Allegheny, Pa.; Rev. P. S. Henson, Chicago; Bishop A. Walters, Jersey City; Rev. J. H. Garrison, St. Louis; Professor James L. Howe, Lexington, Va.; Rev. H. F. Shupe, Dayton, O.; Rev. J. M. Lowden, Providence; Rev. Canon J. B. Richardson, London, Ont.; Rev. Cleland B. McAfee, Chicago, and S. B. Capen, Boston. Treasurer Shaw tendered his resignation as trustee and S. B. Capen of Boston was selected to succeed him. Rev. Cleland B. McAfee was elected to succeed the late Dr. Babcock. The following officers were then re-elected by the convention: President, Francis E. Clark, Boston; treasurer, William Shaw, Boston; general secretary, John W. Baer, Boston; auditor, F. H. Kidder, Boston. A new position of field secretary was created and Rev. Clarence E. Eberman of Lancaster, Pa., was elected. Among state presidents elected were the following in the west: Illinois, A. E. McDonald; Indiana, Rev. R. V. Hunter; Michigan, Rev. F. P. Arthur; Wisconsin, Alexander E. Matheson.

DUNCAN STOPPED BY THE SHERIFF

Evangelist Band at Madison Did Not Get a Chance to Convert the Sangerfest.

Madison, Wis., July 8.—[Special.]—The announcement that there would be a clash between Evangelist Duncan and his band and the sheriff's forces at the Maennerchor picnic at the Scheutzen park on Sunday afternoon drew a crowd of 6,000 people to the park. Sheriff Burmeister and his deputies were on hand, and avoided trouble in the park by stopping the evangelists at the gate. Duncan showed a season ticket and insisted on his right to enter, but the sheriff told him that the Turner society did not want him on the grounds and he could not go in, and when Duncan tried to force his way seized him and pushed him back. Duncan invited arrest, and was really seeking that method of getting the matter into court, but the sheriff refused to arrest him. Some of the evangelist's remarks angered the sheriff, and his hands clenched, on which Duncan cried: "Hit me if you want to. They hit Jesus Christ, and I'm no better than He is." Baffled in their attempt to enter the park, the evangelists went across the street from the entrance and started services there, but were soon ordered to leave by the owner of the adjoining property. Then they moved a little further away and sang and talked for half an hour. At the close Duncan was pelted with sticks and lumps of mud by boys in the crowd. Duncan says he will make another attempt to enter the park next Sunday, and talks of an injunction to restrain the sheriff from preventing him.

ROCK COUNTY DRUGGISTS BANQUET; STARTLING THINGS ON THE MENU

Twenty-Second Annual Convention of the Society Being Held This Afternoon at Myers' Hotel—Some of Those Who Are in Attendance.

The ordinary at the Hotel Myers presented an animated appearance today on account of its being the gathering place for the twenty-second meeting of the Rock County Druggists association. The association includes all of the retail druggists in the county and has members in Janesville, Beloit, Edgerton, Milton, Milton Junction, Brodhead, Clinton, Footville and Orfordville.

It has no by-laws and no rules and regulations and was organized more to promote good fellowship and to become acquainted with one another than for any other reason.

The association holds meeting four times a year at different points throughout the county where trade matters are discussed and a general good time indulged in.

The annual meeting is rather more of an affair than the quarterly meetings. At this time the officers for the ensuing year are elected and any business that may come before the meeting disposed of.

From the menu one would be led to believe that eating was the principal business of the meeting. The average individual might have a hard time ordering a dinner from the official bill of fare, but druggists are used to deciphering all sorts of prescriptions and had no trouble in getting "just what the doctor ordered." If you don't think they had a feast read the menu:

Menu.
Carica Papaya Soup, Sterilized.

Cattle Fish with Aqua Fortior Sauce, Solanum Tuberosum, White Bread, Baked 45 Minutes @ 150 Deg's, Brown Bread, Special Formula, Solanum B. Lycopersicum, a la Ven. Red FILLETS.
Ham, a la Saccharum et Sinapsis, Antediluvian Spring Lamb, Capers by Smith, Rare Roast Beef (1812), Morrhuas Sauce, Ex Boyis, Fifth Rib Spring Chicken, Burnt Umber Brown, and Cocoa Butter.
SOFT STUFF, Custard, Flitters, Willson Vanilla Sauce, 1901 Label, Shanghai Salad with Carbon Disulphide, Poke Berries with Sugar of Lead, Dead Beets with Canceled Bills, WINDUPS, Aqua Pudding 15 Above Zero, New Prunella with Cold Cream, Digitalis Pie, Plain or Engraved, Antimonial Vin with Gelatine, Citric Acid Sherbet, Iodoformed Cheese, Chloroformed and Emulsified for Summer Use, Aqua Pura, Aqua Forventis, Aqua Bulliant, Aqua Font, Caffeine et Sac Lac.

Those present were: Beloit—C. A. Emerson, J. M. Farnsworth, D. H. Pollock, Frank Van Wart, Evansville—Dr. J. M. Evans, Edgerton—E. B. Willson, Milton—W. H. Gates, W. P. Clarke, Clinton—D. C. Griswold, O. L. Woodward, Sharon—Dr. E. C. Chikson, Brodhead—D. W. H. Taylor, Janesville—H. Kirk White, Harry Rapson, Ed. Smith, John Kerner, Ed. Busa, E. B. Heim street, Louis Schmidley.

Officers for the ensuing year were elected as follows: President—J. M. Farnsworth, Beloit, Vice President—E. O. Smith, Janesville, Treasurer—B. C. Willson, Edgerton, Secretary—John Kerner, Janesville. The next meeting of the association will be in Beloit in September.

KNIGHTS OF PYTHIAS GATHERING; SUPREME LODGE TO PROBE CHARGES

Extraordinary Session Opens in Chicago Tomorrow To Investigate Affairs of the Endowment Rank.

Chicago, July 8.—The promptness with which the officers and members of the supreme lodge of the Knights of Pythias are arriving in the city in answer to the call for an extraordinary session to investigate the affairs of the endowment rank indicates their interest in the organization.

It also manifests their desire to ascertain the truth regarding the reports that the funds of the rank were badly managed by a previous set of officers and that in some instances moneys have been invested in such a manner that they cannot be realized upon, and may prove a partial loss. Nearly one-third of those who are entitled to seats in the supreme council are already in the city, although the first session will not be held until tomorrow morning. It is expected that nearly if not all the supreme representatives will come from every state in the union.

The board of control of the endowment rank is the creature of the supreme lodge and that body is responsible to a great degree for its work. To the end that its affairs may be thoroughly ventilated this extraordinary session has been called. It is predicted that the laws of the rank will be so arranged that no more risky investments of the funds of widows and orphans of deceased members will be possible.

The judiciary and endowment rank committees of the supreme council held sessions in the Lexington hotel last night. They went over the ground which they will cover in the general meeting. It is expected that their reports will be completed this afternoon. It is probable that the session of the supreme lodge will last three or four days.

TO TEST LEGALITY OF GATES COUNTY CHARGE FRAUDS IN MONTANA LANDS

Claim is Based Mainly on the Ground That It Is Illegally Apportioned.

Madison, Wis., July 8.—[Special.]—Suit has been instituted in the name of Attorney General Hicks to test the legality of the organization of the new county of Gates, from the northern portion of Chippewa county, by act of the last legislature. The suit is directed against the supervisors of the newly created county as defendants, while the real plaintiffs in the case are Wm. H. Phillips, C. P. Crosby, John Tynan, J. C. Stubbs, W. W. Tyler, Thos. Leonard, A. J. McGillivray, C. B. Early, the Arpin Hardwood company, Beldenville Lumber company, Mississippi River Logging company, Chippewa River & Boom company, H. A. Ostrander & Co., and the John Hein company.

The suit is brought in the name of the attorney general on relation of these parties, who have furnished bond in the amount to \$500 to indemnify the state from damage. It is to be tried in the Chippewa circuit court, but will go to the supreme court for final decision, no matter what the finding of the lower court may be.

The claim that the law creating Gates county is based mainly on the grounds that it is illegally apportioned into senatorial and assembly districts. The apportionment law was passed before the one creating the new county, and some of the districts put into both Chippewa and what is now Gates county, violating the provision that county lines shall not be broken. It is also claimed that the county seat could not be legally fixed in the law. The defendants have filed a demurrer to the complaint, claiming that the plaintiffs in the case have not the legal capacity to sue. That there is a defect in the parties plaintiff, and that the complaint does not state facts sufficient to constitute a cause of action.

Uncle Sam Brings Suit Against W. A. Clark and the Daley Estate—Millions Are Involved.

Helena, Mont., July 8.—Millionaire W. A. Clark, Margaret Daly of New York, administratrix of the estate of Marcus Daly, the Anaconda Mining company and Bitter Root Development company must answer to the United States government for irregularities in timber lands in Montana and Idaho involving millions of dollars. Many years has it taken the mills of the nation to grind out the grist of prosecutions against these great interests, but now the mills are grinding fine.

W. A. Clark must fight with all his resources for the title of 140,000 acres of timber land. Likewise the Daly interests, including the great mining companies named, must defend a suit instituted by the national department of justice for the recovery of \$1,300,000, the value of the timber alleged to have been cut from the government's lands in Montana.

Not alone are these prominent interests. One hundred and two indictments have recently been found by federal grand jurors against individuals who are accused of actually defrauding of great amounts and the timber laws of the nation were violated.

CROWDS AT BUFFALO GROWING

Pan-American Exposition Promoters Hope to Make All Expenses.

Buffalo, July 8.—The total attendance to date at the Pan-American Exposition is 1,779,868. The exposition attendance began on May 20, but at that time many features were incomplete and the people remained away. The average daily attendance for June, including five Sundays was over 31,000. The excessively hot weather during the last two weeks has had a deterrent influence on the attendance, notwithstanding

Buffalo is rated as "the coolest city" by several degrees on account of the breezes from Lake Erie. It is believed that July and August will easily bring the total to above 5,000,000, and it will remain for September and October to bring the remainder of the 10,000,000, at which the status of the guessers has been set.

FEW CARS FOR KANSAS CROP

Railroads Unable to Handle the Wheat Ready for Market.

Kansas City, Mo., July 8.—There is a shortage of cars to move the Kansas wheat crop, although the marketing of that cereal has barely gotten under way. The wheat movement started much earlier this year, owing to the fine harvest weather, and the railways, it is reported are unable to care for it. One railway has contracted for 1,600 new cars to be delivered this month.

80 COUPLES WED AT ST. JOE

Business of Last Week Breaks Record of the Marrying Resort.

St. Joseph, Mich., July 8.—That St. Joseph is the most famous Gretna Green in the history of the United States was proved by the marrying of eighty couples from Chicago last week. This is the banner week of the season and is the greatest number that has been married in one week in the history of the marriage industry. Only sixteen couples were married on Sunday, while the others saw fit to be married week days.

THE DULUTH AND SUPERIOR HARBOR

Property Owners Will Receive a Total of \$40,000 Damages Made by the Improvement.

Madison, Wis., July 8.—[Special.]—Property owners along the water front at Superior and Duluth will receive a total of \$40,000 for damage to their property through the improvement and extension of the Duluth and Superior harbor. Appraisers fixed the amount of damage considerably less than this amount about a year ago, but the owners were dissatisfied and appealed to the courts. The matter comes to trial before Judge Bunn and a jury in the federal court Saturday, and a compromise was reached, the \$40,000 representing a "splitting of the difference" between the award of the appraisers and the amount claimed by the owners. It is understood that the work of improving the harbor will begin at once.

HILL OF BELOIT HEADS GIDEONS

Convention at Madison Concluded Its Business Yesterday—Next Meeting at Cedar Rapids.

Madison, Wis., July 8.—The Gideon society, composed of Christian traveling men has become international in character. After much discussion the national convention amended the constitution so as to make the organization world wide. A spirited contest arose between S. E. Hill of Beloit and Frank Garlich of Chicago for the presidency, the former finally winning by a vote of 64 to 17. Mr. Hill is the present incumbent of the office. All of the other officers were re-elected without opposition.

Cedar Rapids, Ia., was unanimously selected as the meeting place for next year's convention. Des Moines and Waterloo were candidates for the convention, but were not able to muster enough strength to beat Cedar Rapids. The next convention will meet on the first Saturday in July.

The reports of the officers showed a gratifying growth in membership, the total being 1,607. Yesterday the delegates attended the local

MILTON COLLEGE IS OUT OF DEBT

Endowment Fund at Present Reaches Close to \$100,000.

HAS ROSY FUTURE

Never in the History of the School Have Conditions Been So Satisfactory.

GROWTH VERY RAPID

Milton, July 8.—Among the many interesting events which claimed the attention of friends of Milton college at the recent commencement exercises, was the announcement by the chairman of the finance committee that the floating debt of about five thousand dollars had been taken care of during the past six months and that the present endowment was close to one hundred thousand dollars.

The annual statement showed that never in the history of the college had conditions in every way been so satisfactory as at present. At a meeting of the alumnae on commencement afternoon Dr. Wardner Williams of Chicago was instructed to wire greetings to President Whitford who is seeking rest and health at El Paso, Texas.

C. E. Crandall, class of '79, Professor of Hebrew in the University of Chicago was elected president; A. E. Whitford, class of '96, was elected secretary and treasurer; and ex-President John Barless of this city, class of '87, was the nominee of the association for representation on the college board of trustees.

Among those who sent regrets at inability to be present were: Judge Walter G. Bonham, Duluth, Minn., class of '77; Pres. Chas. M. Gates of Creamery Package Manufacturing Co., Chicago, class of '79; and Pres. Samuel Plantz, of Lawrence University.

It is hoped that the reunion of old students at next commencement will be the greatest in the history of the college and plans are now being made with that end in view.

GOLD DEMOCRATS! CONTROL IN OHIO

State Convention Will Meet at Columbus Next Wednesday—Nominations Practically Decided On.

Columbus, O., July 8.—Although the democratic state convention does not convene until next Wednesday morning the leaders and some of the delegates are here today. The delegates met by congressional districts today, when the members of the committees are selected. As no effort will be made to endorse McLean, Johnson or anyone else for senator, and as the nomination of Colonel James Kilbourn for governor is assured, there is no general interest being taken in the committee on credentials.

Nearly all of the leaders of what were known as the gold democrats are delegates to this convention, and they are opposing the platform views of Mayor Johnson of Cleveland and Mayor Jones of Toledo, as well as any reference whatever to the silver question.

Miss Hannah Stearns of Shullsburg is visiting friends in this city. She came last week, accompanying Miss Dolly Best, who had been the guest of Mr. and Mrs. H. C. Stearns for two weeks.

LEFT HIS MILLIONS BEHIND HIM; PIERRE LORILLARD IS NO MORE

Head of a Rich New York Family is Dead—He Left an Estate Valued at \$70,000,000.

New York, July 8.—Pierre Lorillard died at 2:10 yesterday afternoon.

The body was removed to Grace church, where funeral services will be held on Wednesday, Mrs. Lorillard was not at her husband's death bed.

Pierre Lorillard was born in 1833. As the oldest son of Peter Lorillard he inherited a fortune of a million dollars. Pierre bought out his brothers and sisters' interests in the great tobacco works in Jersey City, and built up a colossal fortune. He was an enthusiastic yachtsman and horse owner. He built Tuxedo, reclaiming a paradise from what was a desert. Then he bought Ochre Point at Newport and built the breakers, now the property of the widow of Cornelius Vanderbilt. Has Rancocas stud at Jobstown, N. J., has 1,600 acres of highly picturesque land, and is among the most thoroughly equipped stock farms in America.

In about ten years, during its early history, Mr. Lorillard expended \$1,000,000 on the estate. Mr. Lorillard was the first American to own an English derby winner, the famous Iroquois. Later he followed up the victory by landing the St. Leger.

An estrangement between husband and wife took place several years ago. Mrs. Lorillard was the beautiful Emily Taylor, the daughter of a clergyman. Three children were born—Pierre, Jr., who married Miss Caroline Hamilton; Emily, who became Mrs. William Kent, and Maude, now Mrs. Saffern Taylor. The son and daughters were well grown before the differences between the parents arose.

Mr. Lorillard is reputed to have left an estate valued at about \$70,000,000.

J. WILLIS BAER, (Secretary of the United Christian Endeavor Union.)

New York City, a layman, spoke on "Christianity as a Profitable Investment." President Clark occupied the chair a portion of the meeting.

General Secretary John Willis Baer of Boston was in charge of the meeting for women in Auditorium Williston, which took the form of a temperance meeting. Addresses were made by Misses Margaret Koch of Waterville, Me., and Rhena Mosher of Westfield, N. Y. The attendance here was the largest of the three evangelistic sessions.

The session of the business meeting of the United Society of Christian Endeavor, the corporation, was conducted under a pall owing to the death of one of their trustees and the serious illness of another. The meeting was opened by President Clark and special devotional prayers for the late Rev.

PROF. A. J. HUTTON, New Superintendent of State School for the Blind.

and by the pastor of the Baptist Church.

SECOND ROUND FOR RICHARDSON MEDAL

Golfers on the Buckleton Links Are Hard at Work in Practice Play—

The drawing of partners for the second round of match play at golf, for the Richardson medal which comes off tomorrow afternoon, on the links of the Mississippi Golf club resulted as follows: J. P. Baker, 4, against Albert Schaller scratch. F. E. Fifield, 6, against Charles Dunn, 6. H. G. Carter, 6, against F. J. Baker, 6. H. S. McGiffin, 8, against H. H. McKinney, 8.

The four winners in this contest will be paired off and will play the semi-finals a week from Tuesday. It was the intention of the club to get this contest out of the way for the tournament, but on account of postponement of the first day's play the finals will have to go over until after the tournament, or be played some day during it.

The tournament is now less than two weeks away and unless something is done at once by the members of the Mississippi club to make arrangements for receiving and entertaining their guests, the affair will be a failure. The fair greens are in good shape, but on account of the lack of water the putting greens are dry as bones and very rough. No time should be lost in getting some sort of an arrangement so that the greens can be watered every night from now until the tournament.

The committee on prizes have ordered the trophies to be awarded and they are a handsome lot.

The winner of the main event gets the state championship cup for one year and a handsome gold medal which becomes his property. The runner-up in the main event gets a handsome cup.

In the consolation event for the second sixteen who failed to qualify in the main event, the winner gets a silver cup and the runner-up a silver stein.

There is also a cup for the best score made in the qualifying round. Prizes for the approaching and putting contests will be selected later. All the prizes will be appropriately engraved and will be worth contesting for.

A number of the members of the Mississippi club should be among those who qualify for the state championship event. The majority of the team players are putting up a good even game and are improving in their play daily. At present the team is as follows:

1. H. H. McKinney, 11
2. Albert Schaller, 12
3. Chas. Dunn, 13
4. F. J. Baker, 14
5. H. S. McGiffin, 15
6. J. P. Baker, 16
7. H. R. Ring, 17
8. O. Sutherland, 18
9. George Baumann, 19
10. F. E. Fifield, 20
11. P. C. Grant, 21
12. Leo Brownell, 22
13. F. S. Sheldon, 23
14. H. G. Carter, 24
15. F. H. Jackson, 25
16. A. C. Jenkins, 26
17. H. W. McNamara, 27
18. S. D. Tallman, 28
19. Wilson Lane, 29

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists, price 75c per bottle.

Gold Medal highest award to Harper whiskey at Paris, 1900; Chicago, 1893; New Orleans, 1885. Good as gold anywhere, anytime. We'd like your expert opinion. Sold by Kehoe & Cullen, Janesville, Wis.

Very Low Rates to Elks Carnival, Milwaukee, via C. M. & St. P. R'y.

July 22 to 25 inclusive, good to return until July 27. For rates, time of trains etc., call at passenger station.

inspires one to nobler and better deeds; unlocks the gates of happiness; pours glowing vitality into your system. That's what Rocky Mountain Tea will do. 35c. Smith's Pharmacy, kodak agents, next P. O.

For Over Fifty Years. Mrs. Winslow's SOOTHING SYRUP has been the child's while teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle. Sold by druggists throughout the whole world.

HANOVER. Hanover, July 8—The 4th passed off very quietly. No accidents and only one or two drunk and disorderly.

J. J. Kendall is quite ill at the home of his daughter, Mrs. F. D. Child.

Mrs. S. Jackson spent the 4th with relatives in Beloit. Misses Evelyn and May Edgerton of Caledonia are visiting Mrs. E. G. Brown.

A party of Royal Neighbors from Afton visited Mrs. P. Gundel last Thursday.

M. Ehringer expects to leave for a trip through the west next Tuesday.

Miss Laura Van Antwerp and Miss Lena Luckfield spent the 4th with friends in Beloit.

Hanover is to have a new school house to cost not less than \$2,000.

Mothers write us that they have solved the problem of keeping their children well. Give them Rocky Mountain Tea each week. A blessing to mother and child. Smith's Pharmacy, kodak agents, Next P. O.

RINGLING BROS. CIRCUS.

This Famous Big Show to Shortly Exhibit in this City.

Arrangements are now under way for the appearance of Ringling Bros.' World's Greatest Shows in Janesville Tuesday, July 30 has been definitely decided upon as the date of the big show. Ringling Brothers need no introduction to the people of this community. The reputation of these Napoleonic showmen and the magnitude of their great exhibition are familiar to the public, from the Atlantic to the Pacific. Beginning in a small and modest way a little more than a dozen years ago, the show has developed from an ordinary one-ring circus, employing less than a score of people, to the largest and most complete circus, menagerie and hippodrome in the United States. This phenomenal growth has been a healthy and legitimate one, for it has simply kept pace with the growth of the show in public esteem and popularity. Last season the exhibition seemed to have reached the utmost limit of size and scope, and yet this year shows a still greater expansion and the introductions of hundreds of new, novel and original features never before associated with a circus. It has now reached a point where it is beyond rivalry, and there is nothing with which to compare it except its own previous record. In magnitude, in sensational features, in the number of its European and American artists, in the beauty and magnificence of its paraphernalia, in the completeness of its world-gathered zoological display, in the thrilling realism of its hippodrome contests and the superb character of its professional displays, it stands entirely alone. Among the great offerings this year are sixty aerialists, sixty acrobats, thirty riders, forty clowns and a vast number of other clever performers. The headliners include the Holloway Trio of high-wire gymnasts; Amelia Feeley, the greatest principal bareback rider that the world has produced; the Feeley Family of Acrobats; the Wartenburg Brothers, famous globe jugglers and equilibrists; the marvelous Garcinetti Troupe of nine acrobats, imported direct from Italy; the three Marvelles, grotesque acrobats and barrel jumpers; the far famed DeComa family of acrobats and aerialists; the Flying Fishers; the Alpine Sisters, Ahrens and Ashton; Alvo, Boke and Picard, aerial bar experts; Mile, Turnour, the most daring and graceful of all mid-air equilibrists; Miss Minnie Fisher, the human aerial top; and an entire troupe of Japanese aerialists and high wire bicyclists. The trained animal features are numerous and of a most sensational character. There are thirty elephants and twenty of these curious and interesting animals appear together in one ring, at one time, under the direction of their trainer. O'Brien's sixty-one horse act is the finest display of trained equine intelligence ever seen in the United States. The menagerie has been greatly augmented for the present season, and contains hundreds of rare wild animals, including the only giraffe known to exist. Circus day will be inaugurated with Ringling Brothers' new big street parade, a magnificent processional display that dwarfs all previous efforts in the line of spectacular pageantry. It is over a mile in length, and gorgeous beyond the power of adequate description.

Private George Stow Drown. Springfield, Ill., July 8.—The opening of the 1901 encampment of the Illinois national guard at Camp Lincoln was signalized by the drowning of one of the members of the First regiment in the swimming pool. Private George Stow, a member of company K and an assistant bookkeeper in the Fair department store in Chicago, was the victim.

Half the ills that man is heir to comes from indigestion. Burdock Blood Bitters strengthens and tones the stomach, makes indigestion impossible. Accidents come with distressing frequency on the farm. Cuts, bruises, stings, sprains, Dr. Thomas' Electric Oil relieves the pain instantly. Never safe without it.

KILLS WIFE AND HIMSELF.

Wealthy Californian Applies Torch to His Dwelling in Stables.

San Bernardino, Cal., July 8.—Peter Tiedman, a wealthy farmer, living north of this city, murdered his wife, then set fire to his dwelling and stables and when hard pressed by a sheriff's posse deliberately sunk his head beneath the waters of a spring and drowned.

When neighbors saw smoke rolling up from the Tiedman property they made an investigation and in a canyon fifty yards the body of Mrs. Tiedman was found clad in a nightgown. The head was crushed in several places and the throat had been severed from ear to ear. This morning the murderer was discovered on a bluff and a hot chase was engaged in. The murderer had a mile the advantage of the officers, who had to take a circuitous route to reach the top of the bluff. When they reached Tiedman they found his head submerged in a spring no more than ten inches deep. There was only a faint spark of life in the body and all efforts to resuscitate him proved fruitless.

Tiedman came here from Springfield, Ill., several years ago. Since coming here his first wife died and about seven months ago he remarried, his second being a Mrs. Louise A. Hammond.

Private George Stow Drown.

Springfield, Ill., July 8.—The opening of the 1901 encampment of the Illinois national guard at Camp Lincoln was signalized by the drowning of one of the members of the First regiment in the swimming pool. Private George Stow, a member of company K and an assistant bookkeeper in the Fair department store in Chicago, was the victim.

TELEGRAPHIC SERVICE.
The Gazette receives the full daily telegraphic report of the Scripps-McRae

WISCONSIN WEATHER FORECAST.
Generally fair tonight and Tuesday.

It is noticeable that many of the influential Mr. Evans papers of the country take sides with H. Clay Evans, pension commissioner, in the fight being made on him by Gen. Sickles.

The only argument for his removal so far advanced is that he is hard on the old soldier.

It is well known that thousands of dollars are being paid every year in the United States to imposters, men who are in good health and apparently not suffering any inconveniences because of the war; yes and cases are known where men who never enlisted, are drawing pensions because of their dishonesty and that of a few friends.

Washington lawyers are getting more skillful every year in obtaining pensions for men "totally disabled," some of which are noted for their ability as laborers or even athletes.

Gen. Sickles claims that a member of the National Republican committee promised the removal of Mr. Evans providing Pres. McKinley was successful.

This would be no reason for his demand even if it were true, as no man has the right to make promises for another, and the president is not in the habit of paying the way to success with promises of this kind. The letter referred to has been published by its author and it is impossible to see how any man can construe it to be a promise binding the president to anything, as the author distinctly states that it was not in his power to make such a promise.

No one has a greater interest than the honest old soldier in having the rolls purged of all fraudulent claimants, and Gen. Evans' efforts in this respect have been rewarded with such success that it is probable that it is the dishonest pensioner who is back of Gen. Sickles' demands.

Nearly \$140,000,000 are annually paid by the government in pensions which exceed any other item in Uncle Sam's expense account, and we have been so generous to the old soldier that although they are constantly diminishing in numbers, the pensions have steadily increased in amount.

Gen. Sickles has got himself into a hole with no apparent reason, from which it will be difficult for him to emerge gracefully.

Pension Commissioner Evans is the honest veteran's best friend, and should be sustained by both the president and people.

The Sentinel pays its respects to Governor La Follette, as follows: "During the major portion of Governor La Follette's career he has fought what he termed 'the machine' in republican politics and advocated the divorce of every department under the state government from politics. Reform in these two particulars has been conspicuously the shout upon the governor's lips for the past decade at least. The recent protests made against his appointments have risen purely from the fact that they have been made purely and simply to strengthen Governor La Follette's personal political machine, and conspicuously in the interest of his personal political ambitions."

"Governor La Follette has demonstrated by his political acts that he is not a sincere reformer. He is not only opposed to 'the machine,' but to any political organization which will not submit to his personal dictation. He believes in divorcing the business management of the various departments of the state from politics only when he is not governor of the state."

"The opposition to Governor La Follette's appointments is not directed against the men whom he has appointed, nor does it arise from any questioning of his power to make them. It springs simply and solely from the fact that he is attempting to make political capital out of shouting 'reform' while he is adopting the very methods he pretends to despise. 'The inconsistency between Governor La Follette's political preachments and his political acts challenges, if it does not generate, opposition.'"

Considerable discussion has been started by a proposition to do away with student paid professional coaches for athletics and rely simply on the efforts of a faculty instructor. People generally will fail to see what difference it will make in the purity of college athletics whether the coach is employed by the student body or by the trustees of the institution. A coach must be provided if the teams expect to win in their contests, and professionalism will be abolished if the coach is a proper man for the place.

The best way to insure pure ath-

letics is to put one team under the control of a committee made up of members of the faculty and student body, with a coach employed to carry out their mandates.

letics is to put one team under the control of a committee made up of members of the faculty and student body, with a coach employed to carry out their mandates.

A DISTORTION OF HISTORY.

It makes little difference to the reading public which side of a controversy a historical writer takes, so long as he draws his arguments and conclusions from facts.

One of the boasts of the free born American is his right and ability to form his own opinions and to do his own thinking. The study of history in the public schools demands correlative reading and generally the opinions expressed by the teacher and the authors exert a great influence in the forming of judgments by the youth.

It is because of this influence that our attention is attracted to a volume just published entitled, "The History of the United States Navy," written by Edgar Stanton MacLay. We are very little interested in the Sampson-Schley controversy, but we demand that the facts be recorded and justice be given the American sailor. Mr. MacLay's work has been accepted as a text book at the naval academy at Annapolis and in various city school systems.

The third volume just printed, demands close scrutiny, because of the reputation the first two volumes have gained for the author, and in it he seems to use the prestige of former volumes for slandering and maligning a gallant officer and faithful sailor.

Mr. MacLay makes the statement that the Brooklyn ran away from the fight at Santiago, when a study of the official map of the battle shows that ship to be within range of the guns of every Spanish ship, and she was the only American boat that fought each and every ship as she passed them; receiving more shots than any two American ships and inflicted more injury to the enemy than and other boat.

These are facts recorded by the government from the official reports of the commanding officers.

To show how Mr. MacLay perverts facts to suit his purposes, he states as proof of the statement that the Brooklyn tried to get out of the fight, the fact that her repairs cost less than those of several other ships; but he forgets that the repairs to the courageous Gloucester and the invincible Oregon did not cost one cent, and yet who will admit that they were running away from the fight?

It is not our purpose to take sides in the Sampson-Schley controversy, but it grates on our sense of justice to see a book written so as to bring a gallant sailor's declining years into contempt by the use of venomous misrepresentation, which even his bitterest enemies in the navy will consider with abhorrence.

The republican party will be obliged to meet the question of reciprocity in the next campaign and it should welcome the issue. It is the substantial middle ground between hide bound protection and theoretical free trade and properly adjusted and intelligently handled means permanent prosperity and a steady, and growing market for American goods.

Surely "the worm has turned," with Senator Billy Mason, for Comptroller Dawes, who got his position by virtue of the senator's efforts, has resigned in order to seek the nomination as United States senator in place of Mr. Mason. This makes Billy blush some more.

Young Senator Beveridge is getting his fill of experience abroad; he will probably take time to chew his cud next winter on the floor of the upper house.

"Beaten, but not disgraced," can be said of the Pennsylvania crew in England, and the Wisconsin crew on the Hudson.

Whitney took the Derby. Keene the "Oaks." Yerkes the street railways, and Morgan took everything else in sight.

The sultan of Turkey has only eighty-four wives left. Poor man!

What are you doing with your boy during vacation?

HARD FIGHT ON FREIGHT DEPOT

Alderman Hutchinson Bound to Stop That Building Going Up on North Main Street.

The injunction proceedings begun by the city of Janesville restraining the C. M. & St. P. R. R. from crossing Prospect avenue in the Second ward came up for hearing before Judge J. W. Sale this afternoon. City attorney Burpee and William Ringer appeared for the city and Jackson & Jackson for the railroad.

Alderman Hutchinson of the Second ward is determined to make no concessions of any kind to the railroad company and is determined to block their crossing Prospect avenue at all if it can be done.

The city claims that the railroad has no right to cross and street in the city without first getting permission of the council, with any but a main track. They admit that where they own property on both sides of the street they could cross on a grade with a main line, track but not with a side track.

The main object of the fight seems to be to prevent the railroad company from erecting a depot at the point where they have started it. It is claimed that the station is a detriment to all North Main street property and if the railroad company is to be stopped from crossing the street they will give up erecting a station at this point.

The railroad company should be given some protection. They bought the North Main street property and paid big prices for it. They have made offers to do work on the street that no other corporation would do, but simply because they are a railroad they are held up from improving their property.

If it was some manufacturing industry asking for two or three tracks across the street, no objection would be made to it, and the council would pass the order at once. In this case the company wants to put a track across the street for its own use and can get no concessions of any kind.

AN INSTITUTE FOR TEACHERS

Rock County Pedagogues Assemble for a Three Weeks' Session in High School Building.

The Rock County Summer Institute for Teachers opened a three weeks' session under most promising conditions at the high school building this morning. There were eighty-four institute members present at the morning session and with the arrivals on the afternoon trains the attendance reached the 100 mark. It is the largest enrollment at the first morning session in the history of the Rock county institute.

It is a noteworthy fact, with the exception of the instructors, only one young man was in attendance at the institute this morning. It fell to the lot of Lloyd Porter, of this city, a member of this year's graduating class from the Janesville high school to represent the sterner and uphold its dignity amid a bevy of eighty-three women.

The institute is being conducted by County Supts. William Ross and David Throne, assisted by Supt. H. C. Buell, Prof. C. A. Upham, professor of science at the Whitewater Normal, and Prof. R. E. Loveland, principal of the Clinton high school. Supts. Ross and Throne will have charge of the general management of the institute and of classes in school law. H. C. Buell has the classes in school management, manual of the course of study and history; C. E. Upham in geography, agriculture and reading, and R. E. Loveland in arithmetic and grammar.

There will be two sessions daily with the exception of Saturday and Sunday, from 9 to 12 and from 1:30 to 4. Later the morning session will doubtless begin at 8:30 o'clock. The institute is divided into sections first on the basis of experience and second on the basis of scholarship.

MANY KILLED BY LIGHTNING.

Three slain, Others Hurt.

Fort Erie, Ont., July 8.—This place was visited by the most severe electrical storm ever known in Canada. At the race track the row of stables known as "Irish row" was struck and a colored jockey, William Scott of Louisville, Ky., was killed. William Benner, a farmer, whose stable is just outside the track, was killed and his son rendered unconscious. Mrs. Wolver, who lives on the Ridge road, met death in the same manner. The others injured are William Nash of Chicago and William McCormick of Toronto. Several valuable horses were injured.

Father Killed, Children Escape.

Freehold, N. J., July 8.—Daniel Parker of Ely, near Freehold, was instantly killed by lightning during the terrible thunderstorm that passed over this vicinity. Parker's death was swift and terrible. The electric current killed him as he lay upon a bed in a small upper room, yet it miraculously spared his three little children who were beside him.

Mason Killed at His Work.

Harrison, N. Y., July 8.—During a heavy thunderstorm John Hoyt, a stone mason, was struck by lightning while at work and instantly killed. The bolt came down a chimney and then

SAYS AGUINALDO SOLD OUT.

Manila Merchant Declares We Consented to Payment of Bribes.

London, July 6.—The Daily Express prints an interview with Edward MacEvoy, a merchant at Manila who has just arrived here and is staying at the Hotel Carlton. Mr. MacEvoy declared that Aguinaldo sold out to General MacArthur. He says that Aguinaldo received \$1,000,000 for his participation in the farce and that he intends later to invest this in United States property.

"Funston's capture of Aguinaldo," Mr. MacEvoy will say in the interview, "is the veriest rot. The Americans could never defeat the Filipinos and they had begun to realize it. They therefore adopted the old expedient of bribery, well knowing they would find Aguinaldo receptive. He has been a bribe taker and a country seller more than once in his life."

Files Stomach as Exhibit.

Columbus, O., July 8.—The unusual "exhibit" of a section of a human stomach was filed with papers in the supreme court in the case of Leland Dale Dorney, an infant, by William T. Turner, his guardian, against the Aetna Life Insurance Company. Suit was brought on an accident policy for \$5,000. The company refused to pay on the ground that the real cause of death was not an accident, but an ulcer of the stomach. This section of the stomach carried up as an exhibit has a hole through it which it is claimed was caused by the ulcer. The company lost the case in both lower courts.

BILL POSTING WAR GROWING HOTTER

MAYOR RICHARDSON AND ALDERMAN McLEAN IN A CLASH.

Mayor Lets Space on Bridge to Ringling Bros., and the Alderman, to Buffalo Bill—Now It is a Fight Which Man Really is Head of the City Government.

The bill posting war which is now on between Buffalo Bill's Wild West and Ringling Bros.' circus waxes warmer every day. Both shows are now making every effort to secure bill space to the exclusion of the other. The town is already decorated from one end to the other with gaudy posters and every awning and post has cloth signs attached to it. The red posters belong to Buffalo Bill and the blue to Ringlings. The streets look as if they were being decorated for a street carnival.

Buffalo Bill's advance man was the first to reach the city and secured almost all the desirable bill space in the town. When Ringling's man arrived he found all the boards engaged so he at once rented the frontage of all the vacant lots in town and had bill boards erected on them.

A clash has arisen between the mayor and some members of the council in regard to the row of boards that have been placed against the railing on the north side of the Milwaukee street bridge.

The mayor gave Ringling Bros. permission to put up boards along that space and they at once took advantage of the order and placed their boards in position. It seems that Alderman McLean had already given Buffalo Bill's man the privilege to put boards in this space and they wanted the Ringling boards removed and were backed up by Alderman McLean.

Mayor Richardson said he was the mayor of this city and that he had given the Ringlings permission to put up the bill boards and they would stay there.

Several of the aldermen were seen about the matter this morning. They said no order of the council had been made allowing the shows to use this space for advertising but they supposed some one in authority must have given them permission.

The matter will probably be taken up and settled at the council meeting this evening. In the meantime the question as to who is the head of the city remains unsettled.

BOILER BURST AT BARKER'S CORNERS

Russell's Creamery Wrecked, and Machinery Badly Damaged in an Explosion This Morning.

Between nine and ten o'clock this morning the boiler in Russell's creamery, located about a mile north of Barker's Corners or about five miles north of this city exploded with terrific force.

Although a number of people were around the creamery at the time of the explosion no one was injured. The roof of the building was blown off and the machinery badly damaged.

Wm. Boethcker, the man that operated the creamery lived in a part of the building almost over the boiler room. Fortunately at the time of the explosion there was no one in the rooms or there would certainly have been some one badly hurt or killed.

No reason for the explosion can be given. The boiler was in good condition and the engineer had looked at it but a short time before. The damage to the building and machinery is considerable, but it is covered by insurance.

AUCTION SALE!

The Dr. Woods house on South Main street will be offered at public sale on Tuesday, July 9th, at 10 o'clock a. m. D. W. Warr, Agent.

W. T. DOOLEY, Auctioneer.

Lost—On Saturday evening, \$12 in bills. Finder please return to this office and receive reward. See the steel rod ladies' umbrellas we are selling at 42 cents, 75 cents, \$1.00 and \$1.25. T. P. Burns.

The Francis Murphy Temperance League will hold its quarterly meeting to which ladies are invited next Sunday afternoon.

Dainty insertions in Swiss Nain-sook just received, more about them page 2. J. M. Bostwick & Sons. Don't forget the social on the Baptist church lawn. Ice cream and cake, 10c. Mrs. Floyd Murdock and daughter. Edna, have returned from an extended trip through the east.

Mr. and Mrs. August Haghermain of Waupaca, are visiting Mrs. Haghermain's father, Geo. Hiller.

Wanted at Once—Two smart boys to work in rubber factory. Apply to Park-P-C Co.

Wanted—waist and skirt hands, also finishers. Instructions given beginners. Factory thoroughly cooled by fans. Work steady. Isabel Mfg Co.

Chas. W. Bliss, son of Mr. and Mrs. H. F. Bliss, left today for Ludington, Mich., where he will locate permanently. Mr. Bliss graduated in June from the Milwaukee School of Osteopathy, after a two years' course of study.

Now is your opportunity to purchase 60-cent ingrain carpets at 47 1/2 cts. Purchase now while the assortment is complete. Bort, Bailey & Co.

P. C. Eldredge, superintendent of the Mineral Point division of the C. M. & St. P. R. R., was in the city today to attend the injunction proceedings started against the company by the city.

The case of the state of Wisconsin vs. William Bundy, one of the parties arrested for holding up and robbing Dick Hogan of \$130 at Beloit some time ago came up in the municipal court and was adjourned until Wednesday at 10 a. m.

The Loan Band of King's Daughters of the Congregational church, will meet with Mrs. George Charlton, 107 S. High street, Tuesday afternoon. All young ladies of the church and congregation are invited to be present. A picnic supper, contributed by all the members, will be served on the lawn at 6:30.

N. B. Robinson has made the purchase of Mr. Cullen's interest in the saloon of Kehoe & Cullen and the firm will now be known as Robinson & Kehoe. The report that N. B. Robinson & Co. were interested is not true.

On account of the removal of the heating apparatus and gas fixtures from the house by Dr. E. F. Woods, after he had sold the property to the city, it will be resold. The city sold the property two weeks ago to John J. Cunningham for Mrs. Graham, for \$1,760. One of the inducements offered at the time of the sale was the fine heating apparatus, and when it was discovered that the heating apparatus had been removed, Mrs. Graham refused to take the home. A second sale of the building will take place tomorrow morning at 10 o'clock.

New Naptha Launch

T. B. Earle, the well known leaf tobacco dealer, is the owner of a naptha launch which is said to be the handsomest in this section of the state. The launch was placed on Lake Kegonsa this week. The builders are Benton & Son of La Crosse, who make a specialty of pleasure crafts. It is 22 feet in length, manned with a 5 H. P. double cylinder naptha engine and has a speed of from 10 to 15 miles per hour and accommodates 14 people. The interior finish and upholstery is nicely done and the whole is covered with a canopy and side curtains and is in short a modern launch in every particular. The new boat will prove a welcome addition to the pleasure crafts on Lake Kegonsa and afford Mr. and Mrs. Earle further means of entertaining their friends at this resort. It has been christened the "Al-Ken," named after the two sons, Allan and Kenneth.

HEAT PROSTRATES FLOYD D. MURDOCK

FOUND UNCONSCIOUS WANDERING ON THE STREET.

Was Tottering About the Corn Exchange Square Yesterday in Broad Daylight, Clad Only in His Night Shirt—He Was Very Weak and Helpless.

Suffering from an attack of acute indigestion, caused doubtless by the heat, Floyd D. Murdock, the well known feed dealer, wandered about Corn Exchange square yesterday in broad daylight clad only in his night shirt. He was out of his mind and was unconscious of what he was doing. When discovered his heart action was very weak and had help come a few minutes later it would doubtless have been too late to save his life.

Mr. Murdock and his son Verne have been keeping bachelor hall during the absence of his wife and daughter in Buffalo. Yesterday Mr. Murdock rose about nine o'clock and while he does not know anything about what he did, it is thought that he felt sick and had a bewildered idea that he must get help.

After wandering around on the street at the corner near his home corner of North Franklin and Wall streets, Mr. Murdock went up the back stairs to the flats over the one which he occupies and tried to get into one of the flats. Meanwhile a large crowd had collected on the street but the general idea seemed to be that Mr. Murdock had gone raving crazy and no one seemed willing to do anything until C. C. MacLean arrived and took the lead.

When the men went up stairs after Mr. Murdock they found it almost impossible to pry his hands off from the door knob. The bewildered man was taken down stairs and put to bed. Dr. S. B. Buckmaster was called and could hardly distinguish any heart action. He said that in a few moments Mr. Murdock would have been dead.

Mr. Murdock was unconscious all day yesterday and did not recognize his brother, E. H. Murdock, who stayed with him, until evening. He is still weak today and the vomiting spells continued at intervals but his mind is clear and the doctor thinks that all effects of the attack are over. Dr. Buckmaster says that acute indigestion frequently acts on the mind, clouding it, and that the attack was doubtless brought on by the extreme heat and by injudicious eating at irregular times.

Mrs. Murdock and daughter returned this noon from New York where they have been visiting relatives for some time past. They were on their way home yesterday morning when Mr. Murdock suffered his unfortunate illness.

Killed on Circus Train.

Berlin, July 8.—A revised list of those who lost their lives in the accident to the Barnum & Bailey circus train gives these names: William Smith, John Smith, William Waldron and C. H. Felton. The seriously injured are: Stephen Brotte, Leo Benen, George Hart and O. H. Thums.

The Luck in Endowment Policies. It is said there has never been and never will be a time when you can secure something for nothing. That idea is exploded. John Nicholson, the missing, has money coming of which he has no knowledge. He insured with the Aetna Life for a 20 year policy, kept up payments for a few years, struck hard luck, and thought the policy had run out. Now you see where he gets the something for nothing. A part of that same policy is matured, ready for John. Let me explain the plan to you. HARLIN E. CARY, General Agent. Suite 415, Hayes Block. New Phone 222.

HORSE WHIP IN THE HANDS OF A WOMAN

How a Card Party in the Back Room of a Janesville Saloon Was Quickly Broken Up.

Card players in F. C. Stillson's saloon were surprised and startled Saturday afternoon when their quiet game was interrupted by the entrance of a young woman who, in her short working skirt, looked at first glance to be a young girl. She had a business like air about her and carried a riding whip. One of the players knew that her visit bore close relation to his presence in the saloon and boded no good to him, but when she asked him with a decisive falling inflection to her voice to leave the place with her, his masculine pride asserted itself and he decided to make a bluff at defying her. Consequently he insisted on remaining on where he was.

But the young woman was not to be baffled. She had come for the man and in her vocabulary there was no such word as fail. The man deserved punishment for preferring the card table and his saloon companions to her company and liberal punishment she gave him with the riding whip with which she had come prepared. She plied the whip with a vengeance and while witnesses of the scene are inclined to be reticent about it, it is whispered that there was a hasty desertion of the card table, the other players either not trusting her aim or fearing her vengeance might not be wholly satisfied on her first victim.

No one interfered, however, to protect the poor assaulted man and he speedily underwent a change of mind. The card table was no longer an attractive place for him and he was willing and yes even glad, to make concessions for peace and accompany his chastiser meekly and submissively.

He made one stand when the onslaught began by saying "I am ashamed of you," but the vigor with which the woman replied, "Well, I am ashamed of you," silenced him.

The man was a member of the Raymond Comedy company, a traveling tent show combination which has been in the city the past week. The woman who started out to get what she wanted and got it, keeping the laugh on her side of the affair, was his sister.

No one interfered, however, to protect the poor assaulted man and he speedily underwent a change of mind. The card table was no longer an attractive place for him and he was willing and yes even glad, to make concessions for peace and accompany his chastiser meekly and submissively.

CANNON THROWS A SHELL 25 MILES

New Ordnance Weapon Being Constructed for the Purpose of Defending New York Harbor.

Upon the authority of Lieut.-Col. James S. Ingalls, U. S. A., retired, whose tables and measurements are accepted by all ordnance constructors the great guns of Europe, which have hitherto been able to out shoot by miles our heaviest weapons, are themselves outclassed in range, velocity and effectiveness by a recently designed American weapon, now nearing completion. It is a rapid-fire improved Brown segmental wire tube gun. It is expected that with a calibre of 4½ inches it will throw a steel projectile of fifty-five pounds nearly twenty-four miles, with a velocity of 3,900 feet a second.

The extreme range expected is twenty-five miles, with a velocity of 4,000 feet a second. It would rise nearly ten miles above the earth. The time of flight of the projectile from its discharge to its fall is 108.3 seconds. The shell will have a striking velocity of 1,787 foot seconds at the terminus of range, a sufficient force to penetrate five inches of steel.

The weight of the gun is four tons and it will use a twenty-six pound charge of smokeless powder. The length of the projectile proper is twenty inches and the brass case containing the fixed ammunition is forty inches long. The brass cartridge case will hold, if charged to its utmost capacity thirty-two pounds of smokeless powder, and with this charge the muzzle velocity will be about 4,000 feet a second, giving a maximum range of twenty-five miles, which will be the world's record for any size gun.

The tube and main foundation for the body of the gun are composed of curved steel sheets one-seventh of an inch thick, extending the full length of the tube. These steel sheets are wound with square steel wire one-seventh of an inch thick, ten miles of which is consumed in harnessing in the enormous force and energy carried in the weapon. One inch square of the wire will sustain 25,000 pounds of dead weight. It is expected that the hitherto unheard of pressure of 96,000 pounds to the square inch will be withstood by the new gun.

When the batteries at Sandy Hook and near Coney Island were designated it was expected that they would make the bombardment of New York by a hostile fleet an impossibility. They would command what is known as the deep water pocket off Coney Island and any warship attempting to maneuver in that locality for the purpose of bombarding the boroughs of Brooklyn and Manhattan, would encounter such a reception from twelve-inch, ten-inch and eight-inch guns and twelve-inch mortars as to put her out of action in a comparatively short time. And inasmuch as it was only at that point possible for ships drawing twenty-five feet and upward to approach the city within range of the ordnance hitherto constructed, the army engineers and the artillery officers felt that they had achieved a practically permanent victory over the attacking powers.

But now comes upon the scene a gun which if it were on a ship lying almost out of sight of Sandy Hook could still bombard the whole of Manhattan Island. At a distance of six miles from the mortar battery on Plum Island a ship would be fourteen miles from Sandy Hook forts and thirteen miles from Ronger Shoal, beyond the effective reach of any of the heavy guns mounted for the defense of New York; but she would be within 23.9 miles of the whole of Manhattan, Hoboken, New Jersey, Newark, Elizabethport, Staten Island, Sandy Hook, Coney Island, Brooklyn, Long Island City, Flushing, Astoria, and Morrisania.

It is said that a wire wound gun of this type constructed with a ten-inch calibre will have a range of thirty-five miles. Hitherto undreamed of possibilities of warfare and defense are brought out by such a statement. —New York Sun.

Buffalo Bill's Show.
The bringing into existence of a new thing in amusement, the popularity of thrilling spectacular lessons in history, taught by the exhibition headed by Col. W. F. Cody, (Buffalo Bill) has demonstrated the fallacy of the old belief held by amusement centers; i. e., that the public did not want preaching or teaching as a feature of their amusements. As the Wild West and Rough Riders' exhibition deals almost entirely with history, and is a moving, living picture of the historical events, presented, so far as possible, by the identical individuals who made the history, it cannot fail to be a teacher, hence it appeals not only to the seekers of amusement, but also that larger class who seldom seek amusement for amusement's sake, alone, but who are thinking students of past and passing events that have interested the world. A visit to the Wild West is largely a substitute for extensive travel. It brings into view, in its large arena, bits of life as lived, in regions far remote. It presents events of interest, that would had it not been that Col. Cody and Nate Salsbury saved them, have drifted into oblivion.

New features this season, a band

of real Boers direct from the Veldts of South Africa. Big, athletic bearded specimens of the sons of the Dark Continent, whose struggle with the world's greatest military power has held humanity spellbound for the last two years. Alongside these stubborn fighters will be ranged a platoon of their most gallant foes, also fresh from the gory "kopjes" of the land of golden "veldt" and diamond district.

A detachment of "Strathcona Horse," Canada's crack regiment, recruited from the Northwest Mounted Police, Canada will also contribute to the Wild West arena, this season, a feature, that for fifty years has been the bulwark of law and order on her vast Northwest frontier, a squad of the Red-coated Rough Riders whose iron hands have held in check red and white outlaws from the Red river to the Rockies and from the dividing line to far within the Arctic circle. A phase of life familiar to the public only by reading of it, will be placed before Wild West audiences this season in the presentation of a crew of men who have been secured from the government Life Saving service. This band of coast patrol will illustrate the dangerous and thrilling methods of the rescue of shipwrecked human beings on our stormy coasts.

All will remember the months of suspense experienced last summer when the legioners were imprisoned in Peking and their final rescue by the allied forces of the Russian, German, French, English, Japanese and American soldiers, who marched through the Flowery Kingdom to the rescue. This world's historical episode will be presented in all its realism, in a gorgeous pageantry and glittering spectacle, of the strife for power now taking place in the Orient, "The Taking of Tien-Tsin." To be produced here July 23.

Noted Pastor May Recover.
Warsaw, Ind., July 8.—For the first time since the illness of Rev. J. Wilbur Chapman commenced Dr. William R. Schoonover, who has been constantly at his side, has expressed his belief that the patient may pull through, although the danger point is not yet passed. His attack has been brought about from overwork and mental strain.

Poisoned by Drinking Lemonade.
Ardmore, I. T., July 8.—Several hundred persons were poisoned at Ada by drinking lemonade. Three children are reported dead, and many seriously ill.

COKE DANDRUFF CURE

Free Distribution Ended at Smith Drug Co's. Drug Store Saturday.

HONEST METHODS APPROVED. THOUSANDS NOW TESTING THE REMEDY. WHAT WILL THE RESULT BE?

Saturday at 9 p. m. the giving away of free samples of Coke Dandruff Cure closed at Smith Drug Co's drug store, and will go into history as one of the most successful events that has ever taken place in this city. The enormous number of people troubled with dandruff, hair and scalp diseases can be appreciated when we say that many samples were given out Friday and Saturday.

The A. R. Bremer Company are determined that the worth of their Coke Dandruff Cure shall be fully known and proven before the public are asked to spend a penny. Dandruff is not harmless flakes of cast-off skin, but the evidence of a diseased scalp, which can only result in baldness. Coke Dandruff Cure is guaranteed to cure dandruff, falling hair and scalp troubles, and is one of the best and most cooling tonics in the world.

All druggists sell COKE DANDRUFF CURE. All barbers use it. Take a bottle home today.

Dr. Brewer will be at the Park Hotel Janesville, Wednesday, July 10.
At Brodhead, Thursday, July 11.

LABOR MEN MEET AT WEST SUPERIOR

State Federation Will Assemble in the Lake City to Hold Its Annual Convention.

West Superior, Wis., July 8.—The convention of the state federation of labor will meet in this city tomorrow morning and last for three days; but it is expected that the most of the delegates will be here this evening.

The first session of the convention will be held in the Trade's Assembly hall on Tuesday morning. At this meeting all of the preliminary work will be accomplished and a permanent chairman will be elected. The afternoon session will be opened with an address by Mayor Parker, after which reports from the various committees will be heard.

On the second day in addition to the work of the convention, an excursion will be given the visiting delegates around the harbor and out into the lake. The third day's session will be taken up with the hearing of communications and the election of officers. It is expected that the amount of business that the convention will have to transact will be very large.

INDIAN LANDS TO BE THROWN OPEN

Proclamation by the President to Open Oklahoma Lands to Settle.

Washington, July 8.—The proclamation of President McKinley opening to settlement the lands ceded by the Indians in the territory of Oklahoma was given to the public today. The proclamation covers the cessions made by the Wichita and affiliated bands of Indians in accordance with the act of March 2, 1895, and those made by the Comanche, Kiowa and Apache tribes in the pursuance of the act of June 6, 1900. The proclamation provides for the opening of the lands in those reservations which are not reserved at 9 o'clock a. m. on August 6 next the lands to be open to settlement under the homestead and town site laws of the United States. Beginning on the 10th inst. and ending on the 26th those who wish to make entry of land under the homestead law shall be registered at Reno and Lawton.

MUST FIRST HAVE TASTE OF FREEDOM

General Gomez Admits That Finally Cuba Will Be Annexed to the United States.

New York, July 8.—Annexation of Cuba by the United States is a certainty, according to General Maximo Gomez, who discussed the island's future at a dinner given in his honor at the Union League club by W. E. Stokes last evening.

First however, the famous fighter, said the people must have the freedom for which they fought. Then they will be eager to take their place among the states of the great American republic. In this regard General Gomez said:

"Cuba and the United States belong together. It is only a question

of gravitation when they will be one. But at present, after the great struggle in which the hundreds of thousands of lives were sacrificed, and when men returned to their homes only to find their wives and children starved to death in the restricted barriers in which Weyler held them under his policy of reconcentration, they felt that they must have Cuba more. It is realized fully that Cuba cannot get along without the United States, but the Cubans do want to feel freedom."

Loss of 300 Lives

Tacoma, Wash., July 8.—Canton advices brought by steamer, give details of the loss of three hundred lives by a landslide at Lung Keng in June. The slide was caused by a tremendous earthquake which unsettled both the land and sea.

TEACHERS MEET TO FOSTER LEARNING

Educators from All Parts of the Country Gather at Detroit—Regular Session Opens Tomorrow.

Detroit, July 8.—The lobby of the Hotel Cadillac, which is the headquarters for the fortieth annual convention of the National Educational Association, is crowded today with prominent educators who have come from all parts of the country to attend the meetings. The first general session of the association, held in Light Guard armory, will not be held until tomorrow afternoon, but the convention will be opened this afternoon with sessions of the national council of education and the Indian education department. William T. Harris, national commissioner of education is the first speaker before the council. He will read a paper on "Isolation in School; How it Hinders and How it Helps."

For the first time one of the general sessions of the association has been given over to discussion of the teaching of economics in the school. It is expected that this session and the resultant discussion of the topic which President Green terms one of the most important before the convention will result in much progress in the teaching of economics in the schools.

WILL CALL ON VICTIMS.

Men Railroaded to Indiana Insane Asylum to Be Subpoenaed.

Indianapolis, Ind., July 8.—The county prosecutor says he will begin the "insanity trust inquiry to-day. He will subpoena several persons who have been "railroaded" to the asylum and in whose cases the courts have interfered and released them. One of these cases is that of Wm. R. Depoy. He was arrested on a warrant sworn out by his wife. He was put in jail among criminals, fed on bread and molasses twice a day and bread and beans or bread and meat once a day and had to sleep on a bed of straw. As Depoy was a well-to-do citizen, this kind of life did not take with him. The next morning after Depoy's incarceration two doctors came to his cell and stood outside and talked to him about three minutes. No physical examination was made by either, except that one requested to be allowed to feel his pulse. Judge Leathers released him. The evidence showed that he had taken too much cocaine for a toothache.

Skin Diseases

ECZEMA, TETTER, PSORIASIS, SALT RHEUM, ACNE and a great many other diseases of like character are classed as skin diseases, when they could just as properly be called blood diseases, for they undoubtedly originate in the blood, like Cancer, Catarrh, Scrofula, Rheumatism, Contagious Blood Poison, etc.; the only real difference being in the intensity and nature of the poison. The more serious diseases, Cancer, Catarrh, etc., are caused by some specific poison or virus, which is either inherited or in other ways gets into the blood and attacks certain vital organs or appears in the form of terrible sores and ulcers, while the milder and less dangerous skin diseases are caused by blood humors or an over acid condition of that fluid. These acid poisons, as they ooze out through the pores of the skin, cause great irritation, with intense itching and burning. The eruption may be of a pustular kind, with excessive discharge of thick, gummy fluid, or the skin may be hot, dry and feverish, swollen and fissured. Skin diseases, whether they appear as sores, blotches or pimples, become more deeply rooted and intractable the longer neglected, the skin in time having a thick, hard, rough and unsightly appearance. You can hide the blemishes for a time with cosmetics; and washes, lotions, soaps and powders may relieve temporarily the itching and burning, but eventually the pores of the skin become so

I can cheerfully and most sincerely endorse your specific as a cure for Eczema, the most irritating and annoying disease, I think that flesh is heir to. I was troubled with it for twenty-five years, and tried many remedies with no good effect. After using your medicine a short time I think I am entirely relieved. You can give this statement any publicity you may desire, as it is voluntarily made, more for those afflicted than notoriety for myself.

Very respectfully,
WM. CAMPBELL,
318 West Central,
Wichita, Kans.

clogged up by this treatment that the poisonous matter thrown off by the blood cannot pass out of the system, and settles on the lungs, heart or some other vital organ and endangers life.

To purify and build up the polluted blood is the right treatment for skin diseases, and for this purpose no other medicine is so deservedly popular as S. S. S. It is a perfect antidote for all blood humors, and when taken into the circulation, gently but thoroughly eliminates all impurities and puts the blood in a healthy, normal state. The skin can't remain in an irritated, diseased condition when nourished with rich, new blood. S. S. S. is the only guaranteed purely vegetable remedy, and the safest and best skin beautifier. Write our physicians if you have any blood or skin disease, and they will cheerfully advise you without charge.
